

# Quality Leaders Network

The Quality Leaders Network is maintained by the generous support of numerous member agencies.

## The Quality Leaders Network

is a national network of social service professionals dedicated to helping improve quality in their organizations and the community

[www.QualityLeaders.net](http://www.QualityLeaders.net)

## Purpose:

The Quality Leaders Network (QLN) is an organization for professionals who are engaged in both organizing and providing quality assurance and quality improvement services within the social service arena, serving in both public and privately funded organizations. Social service is practiced in many disciplines, and as such this group is structured to engage a wide variety of social service stakeholders. The primary activities of this group have been to develop and disseminate information regarding accreditation standards, organizational policies and procedures, outcome measurements, and team development.

## Benefits:

Get answers to your most frequently asked questions:

- How do I develop a Quality Improvement (QI) program?
- What resources do I need?
- What resources are available to me?
- How should I define my role in this process?
- How do I get people in my organization to "buy in" to the QI concept?
- I am the only QI professional at my agency?
- What professional supports and networking opportunities are available to me in my community?
- What outcome measurements should I collect? What are other agencies doing in this area?
- How can I best prepare for the accreditation process?

## Website Resources:

- Sortable **membership database** of all network members with links to email addresses, organization websites and more...
- **Discussion groups** on teams, accreditation, outcomes and more...
- **Member profiles** that provide detailed information about other quality improvement professionals
- **Calendar of events** from around the country
- **The Quality Column** provides timely articles by professionals in the quality services field
